34. Write brief account of the basic features of a short story.
35. Distinguish between extensive reading and intensive reading.

(1 × 5 = 5 Marks)

(b): Read the following passage and answer the questions given below:

The idea of democracy originated, of course, in ancient Greece, more than two millennia ago. Piecemeal efforts at democratization were attempted elsewhere as well, including in India. But it is really in ancient Greece that the idea of democracy took shape and was seriously put into practice (albeit on a limited scale), before it collapsed and was replaced by more authoritarian and asymmetric forms of government. There were no other kinds anywhere else. Thereafter, democracy as we know it took a long time to emerge. Its gradual and ultimately triumphant emergence as a working system of governance was bolstered by many developments, from the signing of the Magna Carta in 1215, to the French and the American Revolutions in the eighteenth century, to the widening of the franchise in Europe and North America in the nineteenth century. The rebels who forced restraint on the king of England through the Magna Carta saw the need as an entirely local one. In contrast, the American fighters for independence contributed greatly to an understanding of the need for democracy as a general system.

1. When did democracy originate?
2. What was the fate of democracy in ancient Greece?
3. What were the factors that contributed to the re-emerging of democracy?
4. What does the word "bolstered" mean?
5. What was the role of American freedom fighters in democracy?

(5 × 1 = 5 Marks)

GROUP D – Writing

VII.

(a) A multinational car manufacturing company is looking for management consultants for their head quarters at New Delhi. You saw the advertisement in a leading news paper and like apply for the same. Write a job application. Prepare your resume.
